The following factories in Czechoslovakia are engaged in the manufacture of ball bearings:

1. The Precision Tool Works (Zavody presneho strojirenatvi), National Enterprise, at Perstejn (N51/K81). This factory has a labor force of approximately 700 workers.
2. The Precision Tool Works, National Enterprise, Brno-Lisen. About 2,500 workers are employed at this factory.
3. A new factory at Trencianske Teplice (P49/T68), in Slovakia. It began production in 1952, but only reached full output figures in 1953. It is one of the largest and most modern plants of this type in the country.
4. Two other factories exist in northern Bohemia which are engaged in the manufacture of ball bearings
